All lectures and practical training are conducted in English.
8. The Application Process
Selection for admission is based on the evaluation of supporting documents submitted. Before starting your application, please carefully review the following application process.

You will NOT be registered as an applicant until we have received a complete set of your required supporting documents.

If you have applied to GRIPS in previous years and wish to reapply this year, any supporting documents you submitted previously cannot be used for this year’s application.

Please note that if you provide any false or misleading statement or incomplete or inaccurate information in your application, your application may not be screened, you may be denied admission or, if you have been admitted, you may be dismissed from GRIPS.

A complete set of your required supporting documents must reach your recommending authority by the designated deadline. It is your responsibility to prepare all supporting documents far enough in advance so as to meet the designated deadline. Incomplete applications and applications received after the deadline will not be considered.

All materials submitted by an applicant become the property of GRIPS and will not be returned. Please make sure to keep one copy of your application for your records.

9. Supporting Documents
All documents must be in English. Documents in languages other than English must be accompanied by an official translation. If the organization issuing a document cannot issue an official English version of that document, you are required to submit both the official document (photocopies are not acceptable), written in its original language and bearing the organization’s stamp or the signature of the issuing person, and an official English translation of the document, prepared by an accredited translator. We will not accept your own translation.

Supporting documents, which can be prepared solely by the applicant, should be typed or printed wherever possible (A4 size paper and single-sided printing are preferable). If circumstances require, documents legibly handwritten with a pen or a ballpoint pen are acceptable.

If your name as written in your application is different from that on the document(s) you submit, and if there is some reason (e.g. marriage) for the difference, please submit official documentation of that reason (e.g. marriage certificate).

Faxed documents or digital copies sent by e-mail will not be accepted.

Do not attach any additional documents apart from the items listed below.

Number the documents from ① to ⑩ (the items numbered in the list below) in the upper right corner of each document.

① Application for Japanese Government (MEXT) Scholarship (1 original and 3 photocopies, use the designated form)
Please prepare a photograph of your face, in accordance with the stipulations on the form, and paste it onto the form.

② Recommendation letter from the recommending authority (1 original and 3 photocopies)

③ Two (2) letters of recommendation (1 original and 3 photocopies for each letter, use the designated form)
Your letters of recommendation must be written by faculty members or job supervisors who are familiar with your academic and/or professional abilities. At least one and preferably two should be written by your immediate superiors at work.

You are required to request each of your recommenders to write a letter of recommendation using the designated form and submit them along with the rest of your supporting documents, all in one package. Each of your letters must contain four A4 pages provided. Letters submitted that do not use our designated forms will not be accepted. They must be submitted in sealed, unopened envelopes signed across the flap by the recommender.

④ Official transcripts of academic record and graduation/degree certificates (1 original and 3 photocopies for each document)
You are advised to show the instructions below to registrars at each of the universities that you attended when you request issuance of transcripts/certificates in accordance with our requirements.

You must submit official transcripts of academic record and graduation/degree certificates from all undergraduate and graduate institutions attended. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.

④ Official transcripts of academic record
Official transcripts should contain the following information: the name of the degree program/course, the enrollment period, the names of all courses taken and grades received, and the grading scale including the maximum grade point/score. It is helpful to have the student’s rank in the class included in the information. You should obtain your official transcripts from each university you attended. If you are currently attending a university, please submit your most recent transcript.

⑤ Official graduation/degree certificates
Official certificates should state the name of your degree and the date the degree was awarded. You should obtain your official graduation/degree certificates from each degree awarding institution. If you are currently attending a university, you must submit an authorized statement of expected graduation certifying the specific date of graduation and the title of the expected degree upon completion of the program. Do not send your original diploma, as documents will not be returned.

Important notes
- Transcripts/certificates that have been opened are not acceptable.
- Transcripts/certificates without the institution’s official stamp or the signature of the registrar are not acceptable.
- Photocopies of transcripts/certificates that have been verified by a notary public are not acceptable.
- If a university has a policy not to issue more than one official transcript/certificate, you may submit official photocopies verified by the university. To be official, these must bear the institution’s official stamp or the signature of the registrar. They must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.
- If a university cannot issue an official English version of your transcript/certificate, you are required to submit both the official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution’s stamp or the signature of the registrar, and an official English translation of the document, prepared by an accredited translator.
- If an official transcript does not include the grading scale including the maximum grade point/score, you are required to request your university to issue an official letter providing the details of the grading scale (including the maximum grade point/score) that was in effect during the period you attended the university. That letter should be enclosed in the same envelope as the transcript.
- Provisional or temporary graduation/degree certificates are not acceptable.
- If you attended a partnership/affiliated/associated institution, please submit an official document certifying the relationship between the degree awarding institution and institution where the education was actually conducted; the document must be issued by the degree awarding institution.

One of the following test scores is required:
1. TOEFL iBT: 79 or higher
2. IELTS Academic: 6.0 or higher
3. Other equivalent test score

Please note that English test scores are valid for two years from the test date, and therefore, tests must have been taken within two years of the time of enrollment at GRIPS. If you submit the results of a different test of English proficiency, please submit a conversion of the score to TOEFL or IELTS.

How to apply for a waiver of the English language proficiency requirement
(Please note that there are two categories in our English test exemption policy.)
Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement. If you wish to apply for such a waiver, you must submit, as evidence, official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. This document must be issued by the university and bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority. You are advised to show these instructions to the registrar at the university that you attended when you request issuance of the document in accordance with our requirements.

Please note that the granting of your language waiver request is at the discretion of our screening committee and that your request for a language waiver will be considered at the time of screening. This means that there is a possibility that your waiver request will be denied. If possible, we strongly recommend that you take a TOEFL or IELTS test prior to your application.

⑦ Copy of your passport (4 photocopies)
   You must submit a copy of the page(s) with your name, nationality, date of birth and photo. If you do not possess a passport, please submit a copy of your family register or certificate of citizenship.

I INFORMATION CONCERNING RECRUITMENT OF STUDENTS

1 Number of Scholarship Recipients
In YLP there are five courses, and each course will accept 10 to 20 students in total. Available courses vary by country.

Depending on the situation of the Japanese Government’s budget, the number of students to be accepted and the scholarship conditions could differ from those described in the Application Guidelines of each course.

2 Important Points on Eligibility Requirements and Application Procedures
(1) Applicants must have graduated with excellent grades from a university and be able to study in a Japanese university for one year.
(2) Applicants must meet all qualifications and requirements stated in the Application Guidelines of each course. The requirements must be observed strictly and any personal exceptions will not be allowed.
(3) The number of grantees is limited and all candidates will be evaluated comparatively. Therefore, candidates who meet all qualifications still might not be selected. (It is also possible that none of the candidates from your institution will be selected.) Please take this point into consideration when recommending candidates.
(4) Some students in the past returned to their respective home countries without completing the program due to mental or physical problems. In addition, some students required long-term treatment because they had come to Japan without completely curing infectious diseases such as tuberculosis, hepatitis, typhus, malaria, dysentery, and so on. With due consideration given to the fact that the students will be staying for a long period in a country with a very different environment from that in the home country, please make very sure of the student’s medical condition (including past medical history), and try to ensure that any student with an illness requiring treatment receives such treatment before coming to Japan.
Military personnel or military civilian employees at the time of their arrival in Japan and/or during the period of the payment of the scholarship are not eligible.

3 Notice Method
Each institution can decide how to notify students about this Scholarship. However, the notification should be done in the most effective way in order to ensure that outstanding students will apply for the Scholarship.

Application Guidelines may be obtained from the Embassy of Japan, or can be downloaded from the MEXT’s website: http://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/sdetail02/1374094.htm

In addition, applicants should be instructed to seek information about the universities offering YLP courses through their brochures or websites. (Please see the Application Guidelines of each course for the relevant URLs.)

4 Acceptance of Application Forms
Please make sure that applicants observe the application period strictly and submit the necessary number of documents (including copies of documents). The recommending institution must verify if all applications are completed correctly and not lacking any necessary documents. Please accept the application forms only when necessary corrections are made by the applicants. On acceptance, please make sure particularly following points.

(1) The language and translations
Documents must be filled out or written in English. Attach an English translation if they are written in another language.

(2) Documents to be submitted
(a) Application form
(i) The prescribed forms of this year must be used for application. Please fill out the forms clearly (especially the applicant’s name) and put an application form and all other necessary documents of an applicant together into one envelope.

(ii) In the column of ‘Educational Background’, please write the names of the schools or institutions that the applicant attended in the spaces of ‘Elementary Education’, ‘Secondary Education’ and ‘Higher Education’ which correspond to the Japanese education system of ‘Elementary Education - Elementary School’, ‘Secondary Education - Lower/Upper Secondary School’ and ‘Higher Education - Undergraduate/Graduate school’.

*Note: Please write the exact number of years that the applicant was enrolled in each institution. If an applicant skipped a year in any school or institution, it must be mentioned.

(b) Certified grade transcripts for each academic year
Transcripts of the certified grades earned by the applicant in all the subjects studied for each academic year at the student's undergraduate and/or graduate schools are necessary (A degree certificate or a graduation certificate simply showing the ranking of the applicant at graduation will not substitute for academic transcripts. The transcripts must show the grade scale applied.). If the transcript is not duplicable, a certified true copy of the original transcript should be submitted. Every year there are many incomplete applications that the original transcripts are not attached or the submitted copies are not verified. Please read the Application Guidelines carefully.

(c) Recommendation letters
Please make sure to issue recommendation letters from your institution for the applicant. There are many cases
that such letters are not attached. In a letter, there should be included detailed description of the applicant’s personality such as academic ability, motivation for studying in Japan and Japanese language, experience of study abroad.

For ‘Recommendation Letter from the applicant’s direct superior at work’ and ‘Recommendation Letter from the applicant’s superior at work or supervising professor of the university’, only those written on the prescribed forms will be accepted. Please make sure that applicants submit all of two letters.

(d) Certificate of health
Applicants must use the prescribed form and have the doctor fill out all items in the form. Recommending institutions must choose medical institutions for the physical examination.

In the past, some students were affected with illness such as tuberculosis and mental disorder after arriving in Japan even though they have not stated having any illness at the interview conducted by recommending institutions. Please take this fact into account when you interview and examine applicants. Please mention in the recommendation letter when there are applicants with disabilities and need special care to study in Japan.

(e) Graduation certificate (English translation must be attached)
A graduation certificate from graduate and/or undergraduate schools must be submitted. Every year there are many incomplete applications that the original transcripts are not attached or the submitted copies are not verified. Please read the Application Guidelines carefully.

(f) An essay of 3 pages explaining reason for application and future plans
An essay within 3 pages must be submitted. In the essay the reason for application and applicant’s future plans after the completion of YLP must be explained concisely and concretely.

(g) Certificate of English proficiency
Every year there are many cases that certificates are not submitted. Please make sure that applicants submit them.

(3) How to submit application documents
Put all the application documents of each applicant into one envelope designated by MEXT.

(4) Putting number on the documents
According to the Application Guidelines, applicants are requested to number the documents in the upper right-hand corner. In case this is not done by applicants, the recommending institution should number the documents accordingly.

(5) Incomplete application documents
Application documents not completed fully and correctly or lacking necessary documents will not be accepted. If applicants cannot get any of necessary documents because of the circumstances in their home countries, such documents could be substituted by the ones certified to be true by the issuing authority, the government in their home countries or the Embassy of Japan.

5 Applicants Staying in Japan
Recommending institutions can decide whether they permit exceptionally the application of people already staying in Japan, but applicants living in their home countries have priority over those people. However, those
who have been currently enrolled in a Japanese university with a status of residence of "Student" and those who are enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the scholarship payment are not eligible.

II SELECTION OUTLINE

The candidates to be recommended to MEXT through the Embassy of Japan and the Japanese Ministry of Foreign Affairs should be selected in accordance with the following method.

1 Method of Selection
Each recommending institution can use the selection method at their discretion, but is asked to examine accurately each applicant’s English ability, personality, reasons for applying, etc. in full consideration with the objectives and characteristics of each course.

2 Criteria for Selection
Candidates must meet the following criteria along with the required qualifications:
(1) Candidates must have excellent grades and have the ability to study in their desired field;
(2) Candidates must be physically and mentally healthy (The students who have developed symptoms of mental problems, malaria, tuberculosis, diabetes, hepatitis, etc., after coming to Japan have usually suffered from the same disease in the past. Please take this into consideration.);
(3) Candidates must have a verifiable identity;
(4) Candidates must be able to easily adapt to a new environment and a different culture;
(5) Candidates must have a rich international cultural understanding;
(6) Candidates must not have Japanese nationality or dual nationality between his/her country and Japan;
(7) Candidates must not be a military personnel or military civilian employees;
(8) Candidates must not be currently enrolled in a Japanese university with a visa status of “Student” or enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the scholarship payment;

Please do not recommend applicants who obviously have difficulty in continuing their studies for the required period of time after coming to Japan (i.e., those who have to do military service, etc.).

III RECOMMENDATION OUTLINE

The nomination of candidates should be made by the recommending institution with their completed application documents by the date designated by the Embassy of Japan. It is the responsibility of the recommending institution to ensure that all necessary documents are provided by the deadline.

In case some of the necessary documents are lacking and need to be submitted later, please make sure to confirm the deadline with the Embassy of Japan. If the document is not submitted by the deadline, or cannot be expected to be ready, it will be considered as “unaccepted” (impossible to recommend).
IV SELECTION AND ANNOUNCEMENT OF RESULT

1 First Screening
The candidates who are recommended by each recommending institution are selected by the universities offering YLP courses in the First Screening. The selection will be based on the submitted documents and a face-to-face or telephone interview. The universities will recommend candidates to the YLP committee established in MEXT, based on the results of the First Screening.

2 Second Screening
The YLP committee conducts the Second Screening for the candidates recommended by the universities.

3 Announcement of Result
After the Second Screening process, the final selection results will be notified to each recommending institution through the Embassy of Japan. The recommending institutions notify the results to their candidates, and confirm the successful candidates their intention to enroll the accepting university by submitting a designated form of Pledge to the Embassy of Japan.

4 No objection is permitted
The recommending institution must explain to the successful candidates that any objection to the decision on the university placement or course will not be accepted when notifying the results.

5 In Case of Withdrawal
If a successful candidate expresses withdrawal from this program, the recommending institution asks him/her to contact the Embassy of Japan with the letter containing the reason for withdrawal and his/her signature. The withdrawal will be notified to the accepting university via the Embassy of Japan, the Ministry of Foreign Affairs and MEXT.

6 Waiting List
When the number of successful candidates is less than the prescribed number because of withdrawals etc., there is a possibility that candidates on the Waiting List will additionally pass the Selection. The candidates to be put on the Waiting List will be chosen by the YLP committee during the Second Screening, and the YLP committee will not choose any more candidates after the Second Screening.

The accepting university will contact the successful candidates from the Waiting List to confirm their intentions to enroll the university. Once confirmed, the official result will be notified to the recommending institution via the Embassy of Japan.
V PROCEDURES AFTER SELECTION

Selected students (grantees) may cause various problems after coming to Japan because of their lack of knowledge or misunderstanding of procedures for coming to Japan. Please pay particular attention to the following points. If there are any questions about procedures after selection, please inquire the Embassy of Japan.

1 Visa Issuance
A ‘Student’ visa will be issued by the Embassy of Japan in each grantee’s country to the grantee upon his/her application for visa issuance.

2 Airline Ticket
(1) MEXT stipulates the travel schedule and route, and provides the grantee via the Embassy of Japan an economy-class airline ticket for the flight from the international airport closest to grantee’s residence (in principle, the country of nationality) to Narita International Airport or any other international airport used on the normal route to the accepting university. In principle, the address in the country of the grantee’s nationality stated in the application form shall be recognized as his/her “residence.” However, if the address stated in the form is decided to be changed at the time of departure from his/her country, the new address within his/her home country will be regarded as his/her “residence”.
(2) The provided airline ticket has a fixed date and flight number. Visiting relatives or friends, staying for sightseeing, research or short visit, etc. on the way to Japan are not permitted.
(3) The departure date and flight are fixed due to hotel arrangements at a stopover location, flight transfer circumstances, arrival procedures, and residency arrangements. Therefore, change of the ticket date by the grantee is not permitted.
(4) The provided airline ticket cannot be transferred to another person, nor can it be exchanged for money. Furthermore, the grantee shall bear at his/her own expense all costs related to domestic travel from the grantee’s residence to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within Japan (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc.
(5) The airline ticket will only be provided for the grantee. Family members or others who may accompany the grantee to Japan will not receive any travel or other funds.

3 Date of Arrival in Japan
(1) The arrival period will be designated by the accepting university within two weeks before and after the starting date of the course.
(2) If the grantee intends to arrive in Japan before the arrival period designated by the university, the scholarship for that month will not be paid.
(3) The airline ticket will not be provided to any grantees who intend to come to Japan before/after the designated date by MEXT without permission, and there will be no refund after arrival. The grantee will be treated as a student of this program only after the arrival date designated by MEXT. Therefore, if a grantee intends to come to Japan after the designated date, he/she must bear the responsibility for travel arrangements, entrance procedures and living arrangements after arrival.
(4) In principle, the change of grantee’s arrival date and flight will not be permitted. However, if any change is required due to unavoidable reasons for him/her, please contact MEXT through the Embassy of Japan. In such a case, the grantee must wait for the contact from MEXT after all the procedures including residence arrangements, etc., are rescheduled. In Japan, all courses will begin right after the arrival date. In case of arrival delay, there is a possibility that the acceptance to this program will be revoked.

(5) If the travel agency demands payment for the difference of flight fee due to any departure or flight changes and if the grantee pays at the moment of departure, no refund will be given after arrival. Therefore, when any changes occur, please contact the Embassy of Japan to find out the necessary procedures before departure.

4 Withdrawal or Revocation of Acceptance
(1) If a grantee cannot arrive within the designated arrival period, it will be a great hindrance to the grantee’s education at the university as well as the research program. In this case, the acceptance to this program might be revoked.
(2) If a grantee withdraws from the program after receiving the airline ticket, MEXT will collect it through the travel agency.
(3) If a recommending institution sends many grantees that withdraw from this program or return to their home country due to personal reasons in the middle of the program, the institution’s participation as a recommending institution will be reconsidered. Therefore, when recommending candidates, please make sure to guide them not to withdraw from the program as much as possible.

5 Students Accompanied by Family Members
(1) If a grantee wishes to be accompanied by his/her family members, the recommending institution must ask the grantee to inform it to the accepting university before departure. If the family members wish to accompany the grantee, they must be informed that there will be no increase of the scholarship and no traveling fee for the family members.
(2) Immigration procedures for the family members will be completely different from those for the grantee. Therefore, please make sure to ask the Embassy of Japan about necessary procedure to obtain the visa for the family members before departure.

6 Guidance before Departure Date
As the Embassy of Japan will hold an orientation session before departure, the recommending institution must ask the grantees to participate in the orientation.
